Extruded Aluminum Covers

Ballew's Aluminum Products, Inc. stocks extruded lineals for covers and walkways in white, bronze, and clear anodized. Engineering along with more details are available at www.ballews.com.

Insulated covers, screen-rooms, and sunrooms offer a cost effective option for enclosed smoking areas and outdoor break areas.

Ballew's

ALUMINUM PRODUCTS INC

Walkway Covers and Overhead Supported Canopy Systems

Many Applications:

- *Hospitals
- *Schools
- *Loading Docks
- *Parking Areas
- *Airports
- *Carwashes
- *Churches
- *Storefronts

Ballew's walkway covers and overhead canopies feature total aluminum construction with a clean and attractive appearance that will blend in and compliment any facility. The internal gutter system is designed to transport and dispense water from each unit quickly while being supported by fully engineered beams, posts, as well as over-head brackets with extruded tubing.
