Carpports and Patio Covers

Flat pan, W-pan, or insulated styles.

Produced with a baked-on enamel finish, Ballew's carports and patio covers will give years of virtually maintenance-free enjoyment and add value to your home.

Premium Screen Rooms

Ballew's carries many styles and colors of screen rooms to provide you and your family with the maximum style and comfort you deserve.

- *Traditional style
- *Slotted style
- *Pickett style
- *Insulated kick plate
- *Pool Cage

Traditional style

Traditional style simply means that the kick plate at the bottom is one continuous piece when viewed from the inside.

Slotted style

Each individual section has its own built in kick plate.

Insulated Kick plate

This type of screen enclosure works well if you plan to eventually enclose your patio with windows. The kick plate is made with a 2" styro foam panel with aluminum on both sides for durability. (not pictured)

Picket style

This style is great for homes with an incredible view of mountains, lakes, open fields or the ocean. With picketts, you get an uninterrupted view and still have protection for your loved ones and pets.

Pool Cage

Pool cages are a great way to protect your investment and cut down on maintenance. A pool cage gives YOU more time to enjoy your pool.
